In response to ongoing budget constraints, effective immediately, all inmates releasing to the community under the Second Chance Act (SCA) authority after April 21, 2025, will have their dates adjusted and reduced to 60 days, in order to bring the Residential Reentry Management Branch cost centers into alignment with the Bureau's appropriated funding levels until further notice.

Inmates who have earned and are eligible to apply First Step Act Time Credits to pre-release custody should continue to be referred to the community regardless of the amount of time earned. Institutions should continue all individualized assessments; ensuring referrals under SCA are no more than 60 days. Effective March 31, 2025, the Auto-Calculator was updated to reflect a default to zero (0) days for SCA placement days (instead of the previous 365 days).
